

# Summary

Here's a quick summary of the session for you. The Resource Hub video focused on how to manage absenteeism in organizations. Absenteeism can become a threat to organizations causing a decline in productivity levels. Organizations also suffer losses due to this. We learn about the various direct and indirect impacts of absenteeism on employees and organizations. We come to know about how to calculate absenteeism rate from a set of given data. Family issues, stress, personal problems etc. are some of the most common reasons for absenteeism.
